NOS annually computes and prepares manuscripts for the Tide and Tidal Current Prediction Tables. The printing from official NOS manuscripts and the distribution of the Tables to sales agents is done by two private printers. (See National Ocean Service Center for Operational Oceanographic Products and Services, indexed as such, in Appendix for addresses.) The role of NOS with regard to the publication of the Tables is that of maintaining and updating the tidal prediction database from domestic and international sources and generating the annual predictions and associated information. NOS Nautical Chart Sales Agents may obtain quantities of the Tables for resale to the public from the various private printers and distributors.

The titles of the NOS publications affected are:

**Tide Tables -East Coast of North and South America including Greenland;**

**Tide Tables -West Coast of North and South America including the Hawaiian Islands;**

**Tide Tables -Central and Western Pacific Ocean and Indian Ocean;**

**Tide Tables -Europe and West Coast of Africa including the Mediterranean Sea;**

**Tidal Current Tables -Atlantic Coast of North America;**

**Tidal Current Tables -Pacific Coast of North America and Asia;**

The Center for Operational Oceanographic Products and Services (CO-OPS) annually publishes the Tide and Tidal Current Prediction Tables on CD-ROM. This CD-ROM is for the use of professional printers creating book form prod-

ucts and is not suitable for general use. NOS will continue to provide tide and tidal current predictions and associated information on the various media and in the various formats with which regular customers are familiar.

In addition to the CD-ROM, limited tide predictions may be obtained from the CO-OPS web site <http://www.tidesandcurrents.noaa.gov>.

Requests for tide and tidal current predictions and associated information are welcomed and should be submitted in writing either by fax, e-mail, or letter. (See National Ocean Service Center for Operational Oceanographic Products and Services, indexed as such, in Appendix for addresses and fax number.)

The U.S. Coast Guard, through Federal regulation **33 CFR 164.33**, requires certain charts and publications be carried on board vessels of 1,600 gross tons and greater when traversing U.S. waters. NOS has been in contact with the U.S. Coast Guard concerning this regulation. Questions concerning this regulation should be addressed to Chief, Navigation Rules Branch, G-NVT-3, United States Coast Guard, Washington, D.C. 20593-0001, telephone (202) 267-0416; fax (202) 267-4826.

Questions or comments regarding the above subject or private printers and distributors wishing more information can be submitted by telephone, fax, e-mail, or letter (See National Ocean Service Center for Operational Oceanographic Products and Services, indexed as such, in Appendix for addresses and telephone numbers.)

Tidal observation data for some of the NOS tide stations and information about how to obtain other data are available on the CO-OPS web site <http://www.tidesandcurrents.noaa.gov>. Tidal observation data are also available in hard copy by mail, and in some instances, by fax.

Questions or comments regarding the above subject should be made by telephone, fax, e-mail or letter. (See National Ocean Service Center for Operational Oceanographic Products and Services, indexed as such, in appendix for addresses and telephone numbers.)

NOS, in partnership with other agencies and institutions, has established a series of Physical Oceanographic Real Time Systems (PORTS®) in selected areas. These PORTS® sites provide constantly updated information on tidal and tidal current conditions, water temperature, and weather conditions. This information is updated every six minutes. The PORTS® sites currently in operation include: Tampa Bay, FL; San Francisco, CA; New York/New Jersey; Houston/Galveston, TX; Chesapeake Bay, VA, MD & DC; Narragansett Bay, RI; Los Angeles/Long Beach, CA; Soo Locks, MI; Delaware River/Bay, DE, NJ & PA; Tacoma, WA; Port of Anchorage, AK and New Haven, CT. The information is accessible through a computer data connection or by a toll-free voice access system at the following numbers:
